

Yefta Christian Nathaniel

A recent graduate in Electrical Engineering with a strong interest in low-voltage electrical systems, instrumentation, and control systems. Experienced in electrical installation, circuit troubleshooting, and developing microcontroller-based projects using Arduino. Familiar with PLC systems, sensors, and data monitoring tools such as MATLAB and LabVIEW. Able to work independently and collaboratively, with good problem-solving skills and adaptability in both indoor and outdoor technical environments.

Experience

Maintenance Technician • PT Djarum (Intern)

August 2025 ~ January 2026 • 6 months

Assisted in technical and operational tasks, supported maintenance activities, and gained hands-on experience in industrial work environments. Demonstrated discipline, teamwork, and adaptability during the internship period.

Multimedia Team (Church Livestreaming)

2020 ~ 2023 • 3 years

Responsible for operating and managing live streaming systems, including audio-visual setup and real-time monitoring..

Education

2023 - 2026

Politeknik Negeri Semarang

Associate Degree in Electronics
Engineering

2019 - 2022

SMAN 2 KUDUS

MIPA

Hard Skill

- Basic electrical systems
- Electrical and mechanical troubleshooting
- Low voltage electrical installation
- PLC knowledge
- Sensor knowledge

Soft Skill

- Problem solving
- Ability to work individually
- Ability to work in a team
- Willingness to learn
- Willingness to travel

Language

- Indonesia
- English
